About Me

I’m Bryony, the face behind Bryers Designs. The name comes from a nickname growing up, Bryers. I have lived in Cornwall all my life, a grand 31 years! And I wouldn’t have it any other way, nothing can beat being by the sea.

I first started experimenting with polymer clay in the first lockdown and haven't looked back since. I started making on my living room floor and now have a home studio by the coast in Cornwall.

My designs are a creative outlet inspired predominately by all sorts of patterns and bright colours, as well as my natural surroundings. I am a magpie for patterns, especially polka dot! Creating gives me so much joy and I love sharing this with my joyful jewellery and homewares.

With an accessible price point and broad appeal, my designs make cheerful, guilt-free gifts that are easy to love.

Part of the appeal of Bryers Designs is the never ending variety of designs from which to choose from. One offs are commonplace with the style and feel constantly evolving relative to the seasons.
