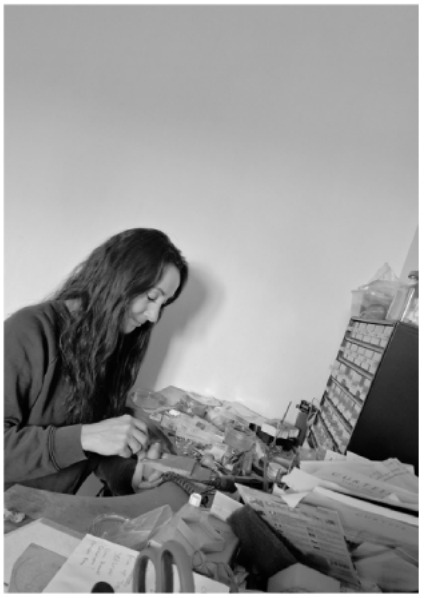
About Me

Hi, I'm Jessica

I launched my jewellery brand in 2005 after earning a First Class Honors degree in Jewellery and Silversmithing from Birmingham City University. Since then, I have been honing my designs and enhancing my skills, always eager to embrace new learning opportunities. After relocating to the coast and welcoming two children, I find inspiration in my surroundings, particularly the breath taking Cornish coastline. I craft my pieces from recycled silver, incorporating various finishes like oxidising and gold plating. My designs often evolve during the creation process, with gemstones and pearls adding subtle hues and elegance. I enjoy exploring scale and patterns in both two and three dimensions, creating modern heirlooms that can be cherished for years to come. I hope you enjoy browsing my collections.



Flora
