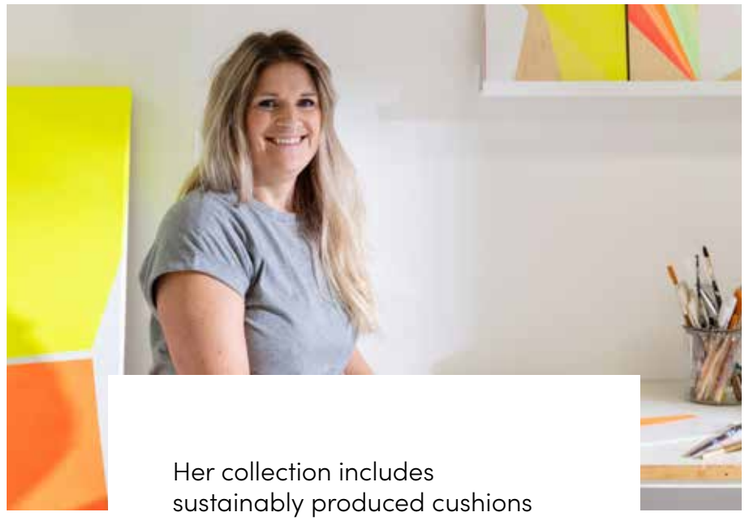
WELCOME

Trudie Moore is a contemporary fine artist known for her bold, colourful and large-scale abstract paintings. Blending fine art with functionality, she transforms her dynamic work into beautifully crafted homeware pieces that turn everyday objects into expressive statements.



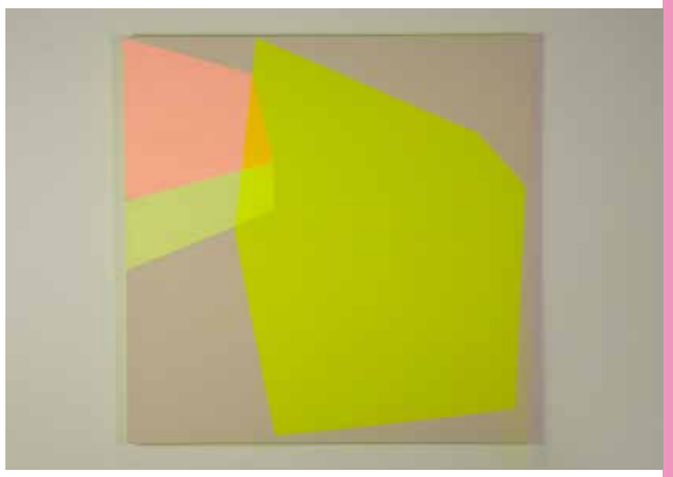
Her collection includes sustainably produced cushions and fine art giclée prints, each featuring one of three uplifting abstract designs.

The range brings energy, creativity and modern sophistication to any interior, offering art lovers a vibrant way to live with colour.

FEATURED ARTWORKS

ABSTRACT IN YELLOW & PASTEL CORAL

A highly uplifting, impactful but warming piece that brings lightness and energy.
A large scale original with fluorescent yellow and natural bare duck cotton canvas. The original features a n edging in contrasting quinocridone purple .



UNTITLED [FLUORESCENT YELLOW WITH RED TRIANGLE]

A fresh and dynamic artwork that uses unconventional angles, fresh and zesty tones contrasting with with a highly energetic accent of red.
This brave large scale original creates powerful energy and suits both a minimalist and maximalist taste.

UNTITLED [GLOSS INSET WITH FLUORESCENT YELLOW AND ORANGE]

Balancing the most gentle transparencies of a cool ice blue with highly disruptive fluorescent orange and yellow, a fine balance and harmony of energy and calmness is evoked, perfectly complementing both neutral and colourful interiors. The original artwork uses gentle artist's paints and a flood of gloss paint which has been defiantly cut into using a knife once dry.

The homewares collection emphasises the physical qualities of the materials used in the paintings, which are a strong theme of the artwork's message.
The precision in colour reproduction and the way the materials are carefully selected aims to preserve the integrity of the colours and textures giving a close connection to the original artwork.

GICLEE PRINTS

Giclée prints are individually reproduced with precision by my specialist fine art printers in Cornwall. Printed in 12 colour archive standard and colour matched by hand to the originals, they are reproduced on FSC 230gsm white Olmec.
